Site Access Agreement

Property Name

Address

City and/or Zip Code

1. **Permission For Access:** I agree to allow RightLights Program staff or subcontractors access to my facility to evaluate possible energy efficient measures. I realize that this may require RightLights staff to extend ladders, and open fixtures and service hatches throughout the property.
2. **Confidentiality:** I understand that any items designated below as sensitive or confidential will remain so within RightLights, Pacific Gas & Electric Company, and the California Public Utilities Commission.
3. **Liability:** I understand Ecology Action is receiving funds from PG&E for the RightLights Program, but the parties agree that PG&E is not liable to either party for any loses or damages, including incidental or consequential damages, arising from this Agreement.
4. **I understand that receiving this free evaluation does not obligate me in any way, nor does it guarantee that Program benefits will be extended to my business.**

California consumers are not obligated to purchase any full-free service or other service not funded by this program. The RightLights Program is implemented by Ecology Action and is funded by California ratepayers under the auspices of the California Public Utilities Commission.

Los consumidores en California no están obligados a comprar servicios o adicionales que no esten cubiertos bajo este programa. Este programa está financiado por los usuarios de servicios públicos en California bajo la jurisdicción de la Comisión de Servicios Públicos de California (CPUC).

Please fax completed form to (831) 688 9402 or Call (831) 688 9400 if you have any questions.

Eligibility

The RightLights Program provides energy efficiency consulting, rebates, and turn-key installation of efficient equipment to commercial PG&E electricity customers in San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito counties. Multi-family buildings are eligible for assistance in their common areas only. Some very large businesses, schools, hotels, grocery stores and Monterey Bay-area municipal facilities may have additional requirements to participate, so be sure to confirm eligibility with your RightLights Specialist.

Process

1. Qualifying businesses receive a free energy audit and report detailing recommended energy-saving measures, expected installation costs, estimated energy savings and rebate amount.
2. When the Customer has reviewed the report and decided to implement the RightLights recommendations, the Program will make pre-screened contractors available to perform the work at a time that is convenient to the Customer.
3. Finally, RightLights will perform a follow-up inspection to confirm the quality of installation. After a successful installation, the Customer is responsible to the contractor(s) for the portion of installation costs not covered by the rebate, if any.

Restrictions

This program is available from February 22, 2006 through December 31, 2008 or until all Program funds have been allocated. Funds will be distributed on a first-come, first-serve basis.
